

Dreams come true – 2015

Josef Haid

Waiting for you

A cold winter evening, sitting home all alone
Again I started dreaming, of you coming home
You left in the morning, we had a little fight
Tried to keep you here, to stay until the night

Waiting for you, its so damn cold outside
Waiting for you, so much love I just cant hide
Waiting for you, wanna take you in my arms
Waiting for you, making love all through the night

Next morning your pillow empty, the cold came in tonight
Again I started dreaming, of you by my side
The fireplace still burning, sat down with my Guitar
This song was coming to me, a relief after all

Waiting for you, waiting for you
Waiting for you, waiting for you
Waiting for you, waiting for you
Waiting for you, waiting for you

Saw you finally coming, driving up our road
My heart started beating, my brain in overload
Watching every movement, trying to read your mind
What a lovely feeling, you back in my arms

Was waiting for you, it was so damn cold outside
Waiting for you, so much love I just couldnt hide
Waiting for you, oh to have you in my arms
Waiting for you, we made love all through the night

Waiting for you, waiting for you
Waiting for you, waiting for you
Waiting for you, waiting for you
Waiting for you, waiting for you
